# Organization and Instructions

## Organization:

This product includes the pieces for six lapbooks. They are:

1. E

It would be easiest to complete these lapbooks in small pieces as you read through the curriculum, but they could also be used for a large review project.

## Instructions:

There are two sets of instructions in this PDF depending on how you wish to complete your lapbooks.

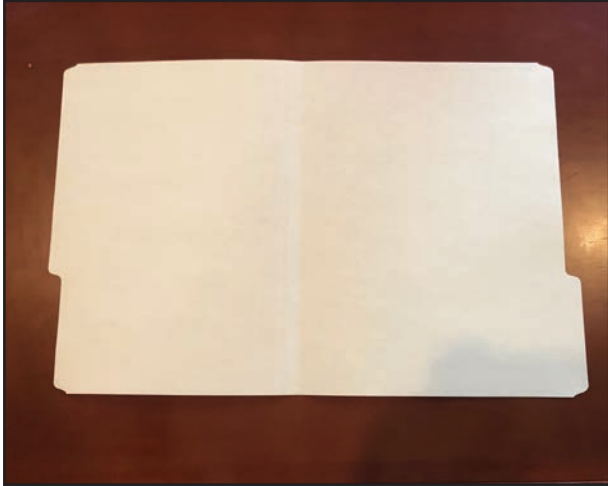

1. **Pages ??:** *Lapbook instructions **with** pictures.* These instructions include pictures of what a sample lapbook looks like so you can see where to place different elements and what a piece looks like after it's been folded.
2. **Pages ??:** *Instructions **without** pictures **in chapters order.*** These instructions are exactly the same as the instructions in number one, but without the sample pictures. These instructions are arranged in chapter order, instead of by lapbook. These instructions are the best version to print off if you want a physical copy.

If you are creating interactive notebooks instead of lapbooks, ignore the instructions about where to place particular items. Place the items wherever you wish within your notebook. Most chapters will be able to fit neatly onto a single notebook page. Use a new page of your notebook whenever you see fit. You can arrange elements in chapter order or by geographic location. If you wish to arrange the items by location, there are cover pages for each major geographic location at the end of EarlyModern2-INB-prewrittenAnswers.pdf and EarlyModern2-INB-NoAnswers.pdf. You will want to leave at least 12 blank pages after the Europe cover, at least 6 pages after the Oceania cover, at least 10 pages after the United States and Canada cover, at least 6 pages after the Latin America cover, and at least 6 pages after the Africa and Asia cover.

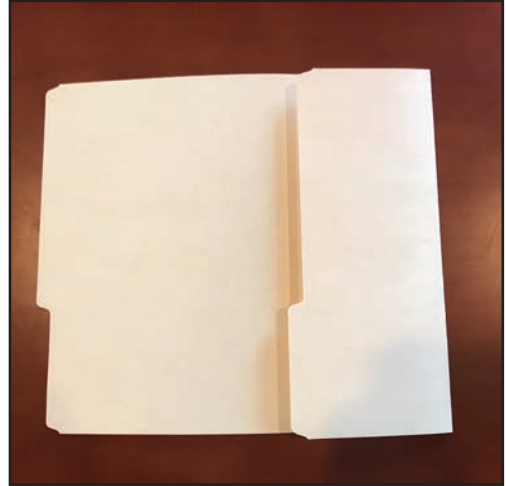

## How to complete each lapbook:

1. The following pages include instructions on how to complete each specific lapbook.
2. Following the directions for where to place each item will ensure all the elements will fit within the lapbook. However, if you find you cannot fit some items into the lapbook, glue those items onto the back of the lapbook.
3. ***Solid lines are cut lines.***
4. ***Dotted lines are fold lines.***
5. Students are encouraged to color and decorate their lapbooks to make them their own and make the information easy to identify.
6. **Types of glue:** White liquid glue will provide the strongest hold. The best method is to make small dots with the glue about one inch apart. Large dots or lines of glue will likely make bumps under the pages and make a larger mess. High quality glue sticks are easier for young children to use and less messy, but some elements may need occasional re-gluing if you're using a glue stick.

# How to Make a Lapbook

1. Open a standard size file folder.

2. Fold one side in so that the top edge lines up with the center of the folder.

3. Repeat by folding the other side into the center.

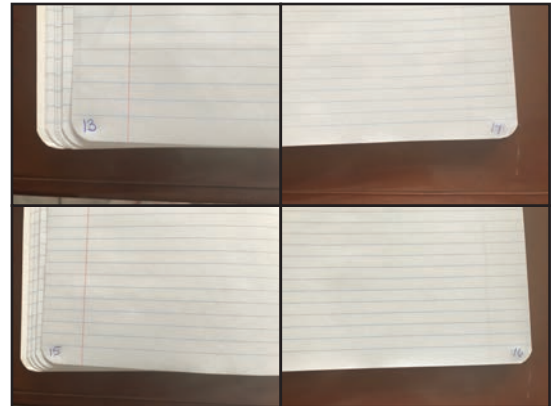

4. You should now have a folder that opens in the center to reveal a large workspace.

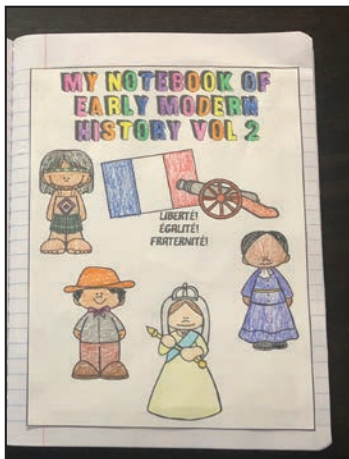

# How to Make an Interactive Notebook

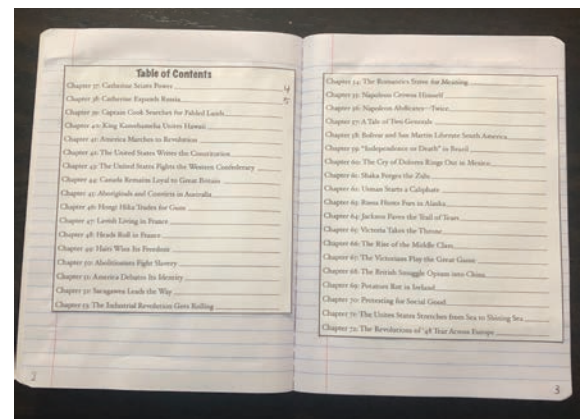

1. Choose your notebook. I highly recommend a composition notebook. Composition notebooks are cheap and sturdy. The pages will hold up to all the gluing, and you don't have to worry about pages coming loose. You can of course use any type of notebook you like or simply use loose pages.

2. Number your pages. Numbering your pages will allow you to make a table of contents and keep track of your information throughout the year. This project will not fill an entire notebook, so you only need to number the first 50 pages or so.

3. Color and glue in your cover.

4. Glue in your table of contents. The table of contents is a blank list of all the chapters in *Snapshots of Early Modern History*. As you complete your notebook, come back to this page and write in the page number each chapter can be found on.

# Europe 1760s to early 1800s Lapbook

## Chapter 37:

### Lapbooks only:

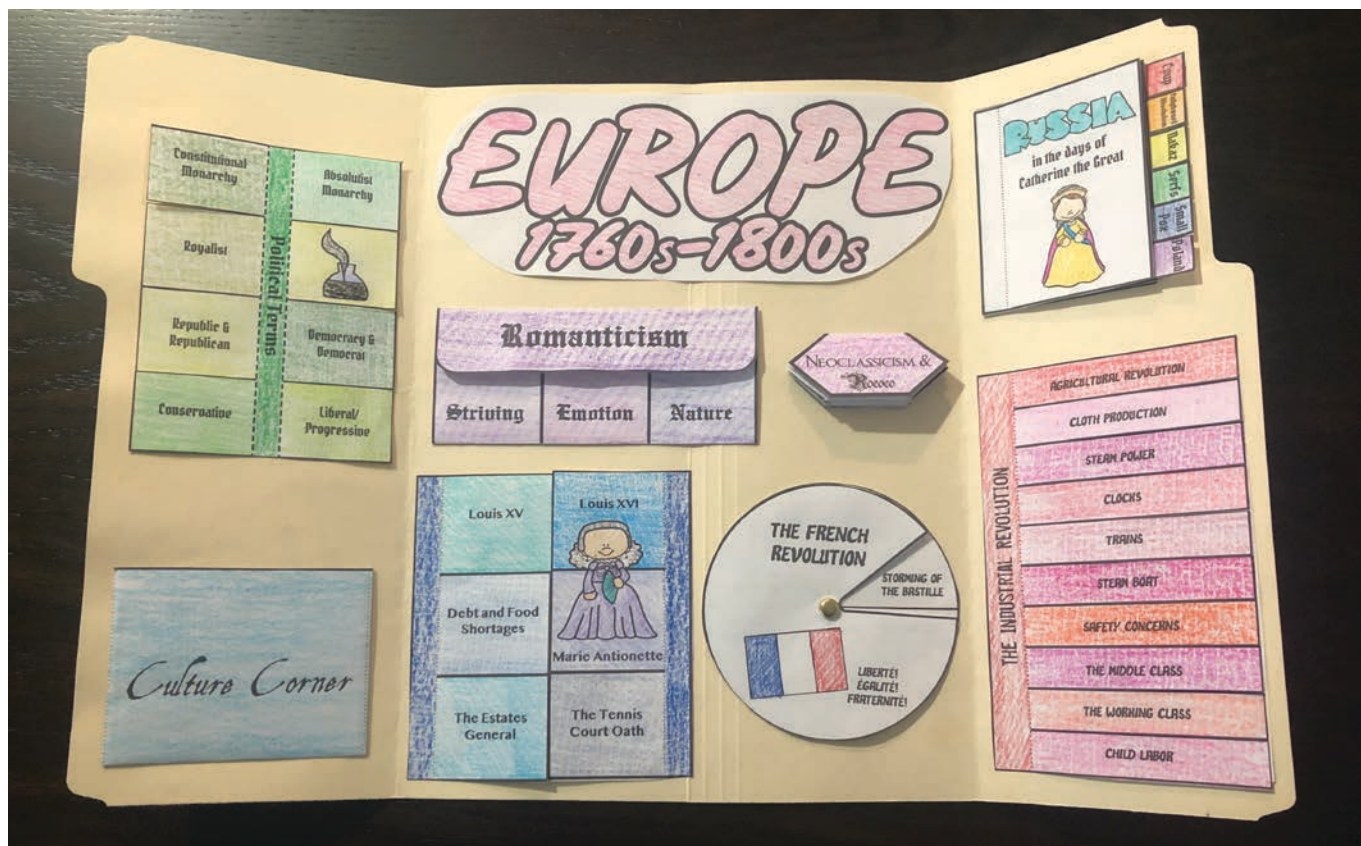

1. Color and cut out the "Europe 1760s-1800s" cover.
2. Glue onto the outside of the left flap.
3. Color and cut out the title "Europe 1760s-1800s".
4. Glue onto the top center inside the lapbook.

### Interactive Notebooks only:

1. If you are arranging your interactive notebook by geographic location instead of chapter order, color and cut out the Europe cover. Set aside at least 12 pages after this cover for the Europe interactive notebook pieces.

### Lapbooks and Interactive Notebooks:

1. Color and cut out the "Political Terms" flap book.
2. Glue underneath the center spine and place the flap on the top left flap of the lapbook. (Note: If you are using an interactive notebook, ignore any instructions about where to glue a particular item and simply glue the item anywhere in your notebook you wish.)
3. If you are using pre-written answers, cut out the definitions of the political terms and glue them under the appropriate flaps. Glue the general definition "The definition of political terms and change with time." under the inkwell. If you are not using pre-written answers, write a short definition of each term under the flap. Under the inkwell, explain why defining political terms is important or leave blank.

4. Cut out the pages of the Catherine the Great book.
5. If not using pre-written answers, write a short description on each page.
6. Arrange and glue the book pages in order with “Coupe” on the bottom.
7. Glue the back of the book onto the top right flap of the lapbook.
8. Cut out the Culture Corner pocket along the solid lines.
9. Fold along the dotted line to tuck the two side flaps behind the front of the pocket. Fold the back flap up to create the pocket.
10. Glue along the two side flaps and press onto the back flap to create the pocket.
11. Glue the pocket onto the bottom of the left flap of the lapbook.
12. Color and cut out the Enlightenment card. If you aren’t using pre-written answers, write a few facts about the Enlightenment on the card. Place the card inside the Culture Corner pocket.
13. Only one “Culture Corner” pocket is provided per lapbook. In your interactive notebook, you could set aside a page to store all your culture corner cards. You could also print off extras of the pages that have Culture Corner pockets so you can have a pocket for each Culture Corner. Or, you could choose not to use the pockets and simply glue the Culture Corner cards directly to the notebook.

## **Chapter 38:**

1. Color and cut out the pages of the Catherine the Great book.
2. If not using pre-written answers, write a short description on each page.
3. Arrange and glue the book pages in order with “Russia in the days of Catherine the Great” on top.
4. Glue the new pages on top of the pages from chapter 37.

## **Chapter 47:**

1. Color and cut out the double doors flap book.
2. Glue under each side tab and place in the left center of the lapbook. Be sure to line up the two sides of the book so it opens like double doors.
3. If using pre-written answers, cut out the descriptions and glue under the correct flaps. If not, write your own description of each person/event under the flaps.
4. Color and cut out the Neoclassicism and Rococo accordion fold book. If you aren’t using pre-written answers, write several facts about the two art styles on the blank sections.
5. Accordion-fold the book so the “Neoclassicism and Rococo” title faces up.
6. Glue the back of the accordion book onto the top right-center section of the lapbook.
7. Color and cut out the Mozart card. If you aren’t using pre-written answers, write a few facts about Mozart on the card. Place the card inside the Culture Corner pocket.

## **Chapter 48**

1. Color and cut out the French Revolution spinner.
2. If you aren’t using pre-written answers, write eight facts about the French Revolution on the bottom spinner.
3. Using a brass brad, carefully poke a hole through the center of the spinner cover and then the spinner bottom. Open the brad and bend it flat to hold the spinner together.
4. Glue along the outer edges of the bottom spinner and place on the bottom of the bottom center right section of the lapbook. Be sure not to get the glue too close to the center or the brad may be unable to spin.
5. Color and cut out the David card. If you aren’t using pre-written answers, write a few facts about David on the card. Place the card inside the Culture Corner pocket.

## Chapter 53

1. Color and cut out “The Industrial Revolution” flaps along the solid lines.
2. Glue underneath the side tab and place on the bottom of the right flap of the lapbook.
3. If using pre-written answers, cut out the descriptions and glue underneath the correct flaps. If not, write a short description under each flap. If using an interactive notebook, you can use the space around the flap book to add additional information that won’t fit under the flaps.
4. Color and cut out the Haskalah card. If you aren’t using pre-written answers, write a few facts about the Haskalah on the card. Place the card inside the Culture Corner pocket.

## Chapter 54

1. Color and cut out the “Romanticism” matchbook.
2. Fold the smaller flaps down toward the middle of the matchbook.
3. Fold the larger flap with the title “Romanticism” up toward the middle of the matchbook.
4. If you’re using pre-written answers, cut out the description of each item and glue under the correct flap of the matchbook. Otherwise, write a few facts about each item under the flap.
5. Glue underneath the middle of the matchbook and place in the top left of the center section of the lapbook.
6. Color and cut out the Mary Wollstonecraft card. If you aren’t using pre-written answers, write a few facts about Mary Wollstonecraft on the card. Place the card inside the Culture Corner pocket.

# Oceania and the Pacific Lapbook

## Chapter 39

*Lapbooks only:*

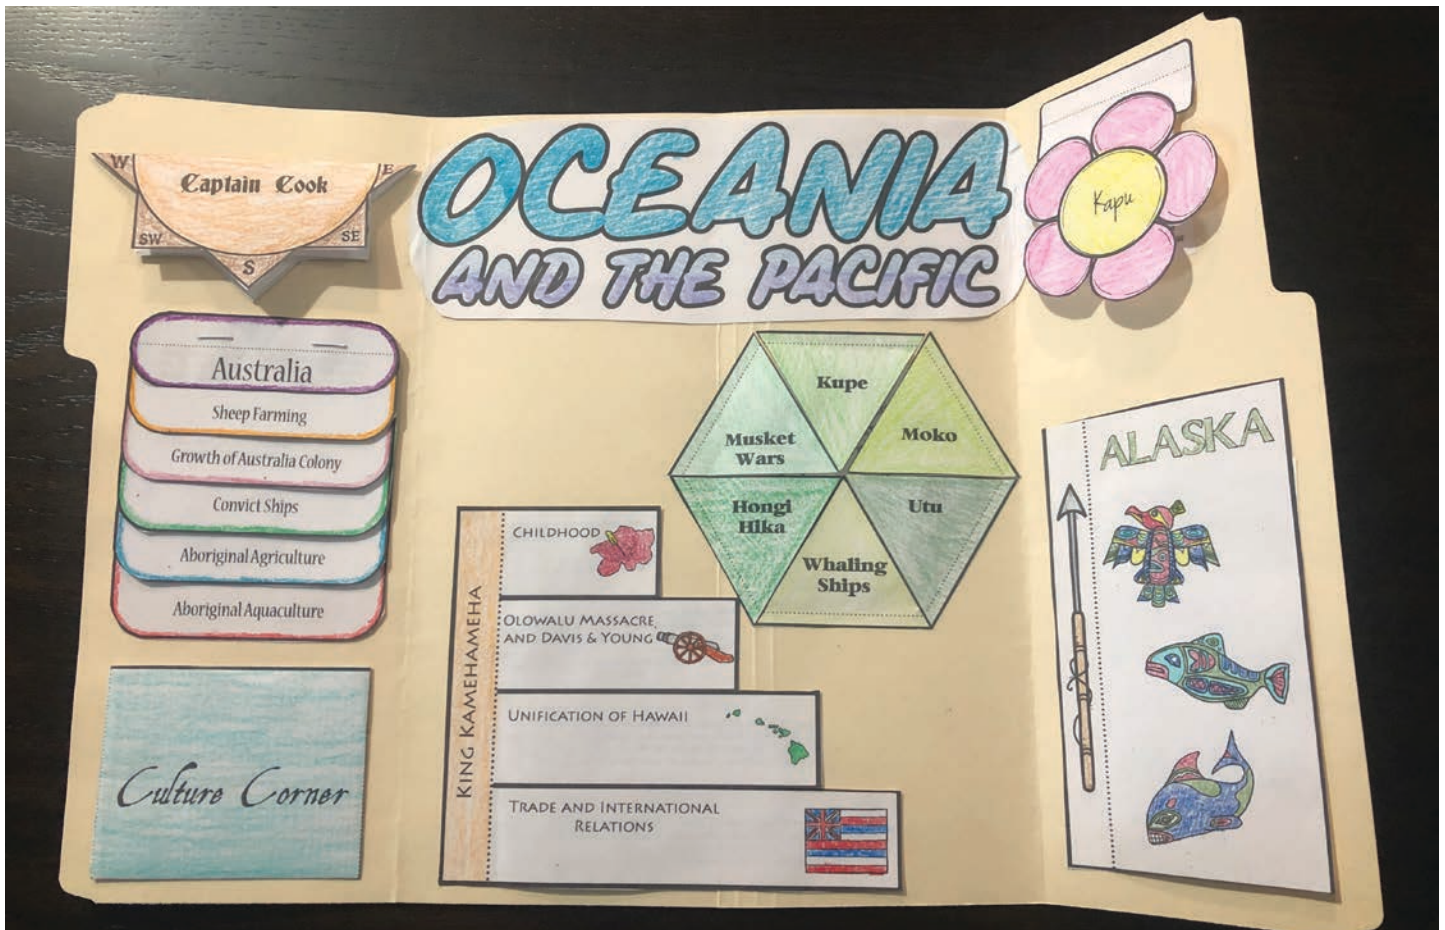

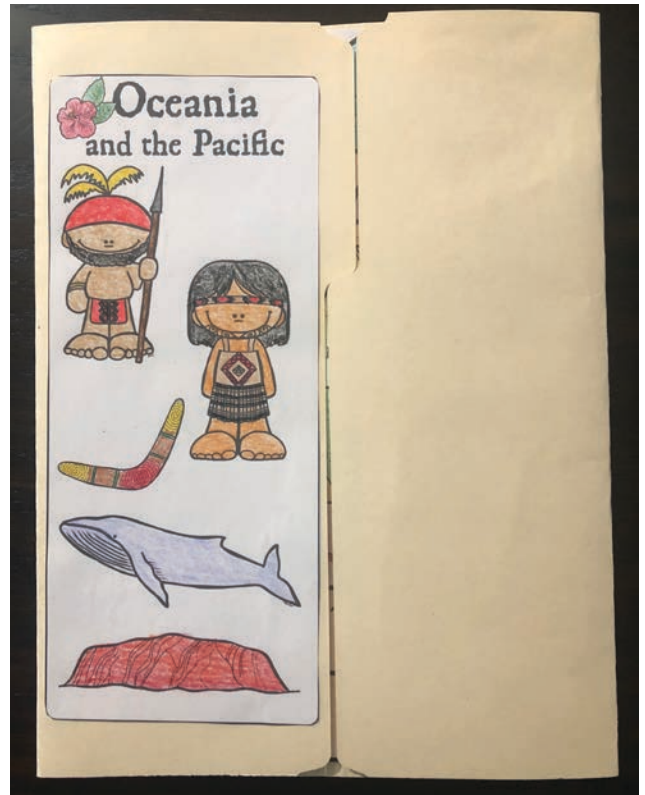

1. Color and cut out the "Oceania and the Pacific" cover.
2. Glue onto the outside of the left flap as the cover.
3. Color and cut out the title "Oceania and the Pacific".
4. Glue onto the top center of the lapbook.

*Interactive Notebooks only:*

1. If you are arranging your interactive notebook by geographic location instead of in chapter order, color and cut out the Europe cover. Set aside at least 6 pages after this cover for the Oceania interactive notebook pieces.

*Lapbooks and Interactive Notebooks:*

1. Color and cut out the "Captain Cook" flap.
2. Fold the flap in half so that you can read "Captain Cook" clearly on the front. Glue the back onto the top left flap.
3. If using pre-written answers, cut out and glue the description into the flap. If not, write a short description of Captain Cook's voyages inside the flap.
4. Cut out the Culture Corner pocket along the solid lines.

5. Fold along the dotted line to tuck the two side flaps behind the front of the pocket. Fold the back flap up to create the pocket.
6. Glue along the two side flaps the press onto the back flap to create the pocket.
7. Glue the pocket onto the bottom of the left flap of the lapbook.

## Chapter 40

1. Color and cut out the “King Kamehameha” flaps along the solid lines.
2. Glue underneath the side tab and place on the bottom left of the center section of the lapbook.
3. If using pre-written answers, cut out the descriptions and glue underneath the correct flaps. If not, write a short description under each flap.
4. Color and cut out the Kapu flap.
5. Glue under the top tab and place on the top of the right flap of the lapbook.
6. If using pre-written answers, cut out the descriptions and glue underneath. If not, write a short description of the kapu system under the flap.
7. Color and cut out the He’e Nalu card. If you aren’t using pre-written answers, write a few facts about He’e Nalu on the card. Place the card inside the Culture Corner pocket.

## Chapter 45

1. Cut out the pages for the Australia staggered book.
2. If not using pre-written answers, write a few facts about each topic on the different pages.
3. Arrange the pages in order to create a staggered book, with the largest page on the bottom and smallest on top. Glue/staple along the top tabs to create the book.
4. Glue underneath the bottom page and place the book in the middle of the left flap of the lapbook.

## Chapter 46

1. Color and cut out the hexagon. Cut along all the solid lines.
2. Glue underneath the thin edge tabs and place them on the top right of the center section of the lapbook to create a hexagon that opens in the center.
3. If using pre-written answers, cut out the descriptions and glue underneath all the flaps. If not, write descriptions of those topics under the correct flaps.
4. Color and cut out the Haka and Poi card. If you aren’t using pre-written answers, write a few facts about the Haka and Poi on the card. Place the card inside the Culture Corner pocket.

## Chapter 63

1. Color and cut out the Alaska flap.
2. Glue under the side tab and place on the right flap of the lapbook.
3. If using pre-written answers, cut out the description and glue underneath the flap. If not, write a short description of Alaskan history under the flaps.
4. Color and cut out the Totem Poles card. If you aren’t using pre-written answers, write a few facts about Totem Poles on the card. Place the card inside the Culture Corner pocket.
